Laos Communications 5G Base Station

Overview

Is Lao Telecom launching 5G service?

Lao Telecom has become the first mobile network to have launched 5G service in the country. The launch event witnessed the presence of Minister of Post and Telecommunications Thansamay Kommasith, Lao Telecom Director General Souphon Chanthavixay, and other senior officials and staff of the company.

Which company launched 5G first in Laos?

It's the state-owned Lao Telecommunications Company (LTC) that has won the race to officially launch a 5G network in the country. Both major operators in Laos have been trialling 5G, including Unitel which is said to be the biggest network operator in Laos with over 3 million subscribers or more than 56 percent of the country's telecommunications market.

What is Lao Telecom doing in Vientiane?

At their booth at Vientiane's National Convention Center, Lao Telecom is also showcasing cutting-edge technologies like virtual reality (VR), drone-based space exploration, iFarm solutions, cyber security, cloud computing, and M-MoneyX. All these innovations seamlessly operated with the new high-speed internet service.

When is Lao digital day?

The PM also recently declared 10 January as Lao Digital Day. Lao Telecom officially unveiled the first-ever 5G high-speed internet service in Laos.
