Laos wind power energy storage system price

Overview

What is the price framework for electricity imports from Laos?

(KPL/VNA) The Ministry of Industry and Trade (MoIT) has issued a decision approving a price framework for electricity imports from Laos starting from December 31, 2025. The maximum price for hydroelectric power plants is set at 6.78 US cents/kWh, down from the current rate of 6.95 cents/kWh.

Will EVN import electricity from Laos?

In October 2023, the Prime Minister approved a proposal to import electricity from various sources in Laos with a total capacity of 2,689MW. EVN has signed 19 power purchase agreements (PPA) to buy electricity from 26 Lao power plants with a total capacity of 2,240MW.

How much electricity will Laos import in 2025?

The imported electricity volume is expected to be around 3,000MW by 2025 and about 5,000MW by 2030. In October 2023, the Prime Minister approved a proposal to import electricity from various sources in Laos with a total capacity of 2,689MW.
