Large-scale energy storage projects in Brazil

Overview

USP's Research Center for Greenhouse Gas Innovation (RCGI) has just announced the creation of GeoStorage, a hub(integrated research unit) composed by a series of projects aimed at positioning Brazil as a global leader in large-scale energy and carbon storage systems.

Large-scale energy storage projects in Brazil

New energy storage technology in brazil

The project benefits more than 2 million people in Brazil. ISA CTEEP, a leader in Brazil's power transmission sector, has just energized the first large-scale battery energy storage project in ...
