Mobile power station in Croatia

Overview

Who owns a power station in Croatia?

All power stations in Croatia are owned and operated by Hrvatska elektroprivreda (HEP), the national power company. As of 2015, HEP operates 26 hydroelectric, 4 thermal and 3 cogenerating power plants with the total installed electrical power of 3.654 MW.

Where are charging stations located in Croatia?

Charging stations are usually located near large parking lots, gas stations, shopping centers, hotels, restaurants, major institutions, companies, and highways. [Read: Guide on driving in Croatia including highways, tolls, gas stations, car washes, and parking].

How to find EV charging stations in Croatia?

Languages: Croatian, English Espots is a free mobile application for Android phones that shows all the electric charging stations supported by Hrvatski Telecom. You may use this app to locate and book EV stations as well as pay for the charging session. It also offers a navigation system leading you to the desired charging station.
