

SolarInvert Energy Solutions

Mozambique photovoltaic energy storage 40kw inverter sales

Overview

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Why is solar energy important in Mozambique?

In Mozambique, the adoption of solar energy systems is particularly crucial due to several key factors inherent to the country's situation. Firstly, Mozambique has a high solar irradiation level, making it an ideal location for harnessing solar energy.

Is a 40 MWp solar PV project viable?

A detailed financial analysis of Case (MBC) analyses the financial feasibility of a hypothetical the Project was conducted to determine its viability and 40 MWp solar PV independent power project without its ability to adequately service debt while providing batteries in Mozambique ("the Project"). A solar PV plant attractive returns to investors.

What does Cuamba solar mean for Mozambique?

The plant is the first IPP in Mozambique to integrate a utility-scale energy storage system and includes an upgrade to the existing Cuamba substation. The Cuamba Solar plant supplies enough power for 21,800 consumers over the project's life and is expected to avoid the equivalent of more than 172,000 tonnes of CO2 emissions.

How is Mozambique diversifying its energy mix?

Mozambique is diversifying its energy mix by inviting private The output of the power project developers to sell electricity to the state-owned in this case study will be national power utility, Electricidade de Moçambique (EDM), a 25-year power purchase as independent power producers (IPPs). This Model

Business (PPA) to EDM.

Is battery storage a key technology for Mozambique's future?

Globeleq sees battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.
