

## **SolarInvert Energy Solutions**

# **Namibia Office Building Photovoltaic Curtain Wall Project**

## Overview

---

What is Namibia's solar energy project?

This project, commissioned in 2014, was a significant milestone in Namibia's solar energy journey. The Omburu solar plant generates clean, renewable energy and contributes to reducing the country's reliance on imported electricity.

What is Namibia's first large-scale solar power plant?

1. The 5 MW Solar Power Plant at Omburu One of the first large-scale solar power plants in Namibia is the 5 MW solar power plant located at Omburu, in the Erongo Region. This project, commissioned in 2014, was a significant milestone in Namibia's solar energy journey.

Can solar power be a viable energy solution for Namibia?

The Kalkbult project has been instrumental in demonstrating the viability of solar power as a large-scale energy solution for Namibia. It has also created local employment opportunities and contributed to the development of the local economy. 3. The 100 MW Solar Power Plant at the Hardap Irrigation Scheme.

What is photovoltaic curtain wall?

Photovoltaic Curtain Wall generates energy in the building implementing solar control by filtering effect, avoiding infrared and UV irradiation to the interior.

Is Namibia a good place for wind power?

While solar energy has received the most attention in Namibia's renewable energy strategy, wind power is also an increasingly important component of the country's energy mix. Namibia's coastline, which stretches over 1,500 kilometers, experiences strong and consistent winds, making it an ideal location for wind power generation. 1.

What is Namibia's first commercial wind energy project?

1. The 5 MW Dorper Wind Farm The Dorper Wind Farm, located near the coastal town of Lüderitz, is Namibia's first commercial wind energy project. The wind farm, with a total capacity of 5 MW, consists of several wind turbines that harness the strong coastal winds to generate electricity.

## Namibia Office Building Photovoltaic Curtain Wall Project

---

### Namibia Top Green Buildings

Nedbank Namibia's green head office is the first building in Namibia to receive a six-star rating for its sustainable design. The building incorporates energy-saving technologies such as solar ...
