

SolarInvert Energy Solutions

Netherlands photovoltaic energy storage box manufacturers

Overview

Who makes volstora energy storage systems?

Volstora develops and builds energy storage systems using our proprietary cell-to-system production process, entirely in the Netherlands.

Are all energy storage facilities in the Netherlands electro-chemical?

All energy storage facilities in the Netherlands are electro-chemical, with the exception of the contracted 1 MW Hydrostar underwater compressed air energy storage project in Aruba (Caribbean). Hydrostar is a Canadian company specializing in underwater compressed air energy storage technologies.

Why do we innovate across the value chain of energy storage infrastructure?

From design to end of life, we innovate across the value chain of energy storage infrastructure to be a competitive and efficient supplier. The market is rapidly developing with European regulations such as NIS2 cybersecurity and the Battery Regulation in addition to various local regulations such as PGS37-1 and NEN4288.
