

SolarInvert Energy Solutions

New Zealand energy storage lithium battery new energy

Overview

New Zealand commissioned its first grid-scale battery near Huntly in late 2023, a 35 MW / 35 MWh lithium-ion system developed by WEL Networks and Infratec for frequency response and peak management that eventually commenced grid operations in 2024.

New Zealand energy storage lithium battery new energy

Solar Batteries NZ

Solar batteries store unused or excess energy from your solar system to use when the sun isn't shining or during periods of high demand.
