

SolarInvert Energy Solutions

New Zealand portable energy storage power supply manufacturer

Overview

We power New Zealand with locally designed, smart battery solutions — built to perform in harsh environments and tailored to your project needs. Tailored energy storage solutions for homes, businesses, and industrial sites. Complete control of cell sourcing, assembly, testing, and BMS integration. Why should I buy a portable power station?

If you're going camping, off the grid or preparing for an emergency, our portable power station provides enough power to keep your appliances or devices operating.

Where can I rely on a containerised energy storage solution?

Today, we are also a name you can rely on for safe battery storage. Our containerised energy storage solutions are available as 10ft and 20ft high cubes and stand almost 3m tall, they can be deployed all over New Zealand and further afield (we have a footprint in 90+ countries).

What are ecoflow portable power stations?

EcoFlow portable power stations are battery-powered generators that keep your gear charged up and ready wherever you are. From family camping to home backup, get yourself convenient power without the noise, fumes, and fuss of a traditional gas generator. Power. Never Been This Easy Charge 0-100% in 1 Hour Fastest charging speeds ever.
