

SolarInvert Energy Solutions

PV inverter export volume

Overview

Over the same period, the cumulative export volume for PV and energy storage inverters reached 37.01 million units, reflecting a year-on-year increase of 23.6%. How big is the global PV inverter market?

The global PV inverter market was valued at USD 34.6 billion in 2024 and is estimated to grow at a CAGR of 9.5% from 2025 to 2034. The paradigm shift toward the integration of renewable energy resources will fuel the adoption of efficient systems.

What was the market size of PV inverter in 2024?

The market size for PV inverter was valued at USD 34.6 billion in 2024 and is projected to reach USD 90 billion by 2034, growing at a CAGR of 9.5% during the forecast period. What was the market share of the three-phase segment in 2024?

.

What is the value of PV inverter industry?

Based on the product, the industry is segmented into string, micro, and central categories. The PV inverter market was valued at USD 25.5 billion, USD 29.9 billion, and USD 34.6 billion in 2022, 2023, and 2024, respectively.

Where is the PV inverter market based?

The production landscape of the PV inverter market is highly concentrated, with Chinese manufacturers solidifying their global dominance. In a telling statistic, nine of the top 10 global PV inverter vendors in 2024 are headquartered in China.

What is the demand side of the PV inverter market?

The demand side of the PV inverter market equation is a testament to the world's accelerating energy transition. Global PV inverter shipments reached a

staggering 589 gigawatts alternating current (GWac) in 2024, a significant increase from the 536 GWac shipped in 2023.

How much do solar and energy storage inverters export?

The cumulative export amount of domestic solar and energy storage inverters reached \$8.25 billion, marking a 39% year-on-year increase. - During the same period, the cumulative export volume of domestic solar and energy storage inverters was 40.92 million units, reflecting a 24% year-on-year increase.
