Photovoltaic Outdoor Base Station Manufacturer Ranking

Overview

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

What is the photovoltaic power station construction industry?

Find businesses likely to sell products or services. The photovoltaic power station construction industry comprises companies that design, engineer, manufacture, and construct power stations that utilize solar photovoltaic technology to convert sunlight directly into electricity.

What is the future of photovoltaics in Europe?

Against the backdrop of an accelerating global energy transition, the total installed photovoltaic capacity worldwide is expected to exceed 1,200 GW by 2025. The commercial and industrial (C&I) market in Europe is expanding in parallel, with solar PV becoming a key tool for businesses to manage energy consumption and drive green transformation.
