

## SolarInvert Energy Solutions

# Photovoltaic solar panels on carports in Papua New Guinea

## Overview

---

Does Papua New Guinea power offer rooftop solar PV systems?

2.1.1 Within its service area, Papua New Guinea Power Limited ('PNG Power') will allow and facilitate the connection and operation of Rooftop Solar PV Systems to its distribution networks, subject to the terms of this Notice.

Can PNG Power introduce a solar PV system?

PNG Power may introduce larger solar PV systems, which are dedicated to exporting energy to the grid, under separate arrangements. For example, as competitively-procured Independent Power Producers (IPPs) in accordance with PNG Power's power development plan. 2.2.1 A connection diagram for Rooftop Solar PV Systems is provided below.

Why should you use solar power in PNG?

### WHY USE SOLAR?

Despite huge popularity in the rest of the world solar power has yet to take off in PNG. This is for a variety of reasons but with recent developments in the PNG energy market its now safe and legally compliant to use solar for certain applications.

Does PNG Power still provide electricity services?

That PNG Power still recovers its reasonably efficient costs of providing electricity services, as per its Licence and Electricity Regulatory Contract with the Independent Consumer and Competitions Commission (ICCC). Application and implementation procedures.

Does PNG Power need ICCC approval?

1.2.1 PNG Power has issued this Notice in its capacity as a licensed Distribution Network Operator and Retailer of electricity. The ICCC (Amended) Act 2002. 1.3.1 PNG Power's understanding is that ICCC does not need to

grant explicit approval of this first phase of the Solar PV Program.

Can a rooftop solar PV system distribute electricity in DC or AC?

2.2.2 Rooftop Solar PV Systems should not directly distribute electricity within the customer premises either in DC or AC. The only connection of the solar PV system should be at the LT/HT switchgear near the energy meter, through a lockable AC isolation switch, in a location accessible by PNG Power's maintenance staff.
