

SolarInvert Energy Solutions

Poland 50kw photovoltaic inverter company

Overview

Who makes Growatt new energy inverters in Poland?

Since 2016, MP Solar Group Sp. z o.o. has been the main and exclusive representative of Growatt New Energy inverters in Poland. Growatt's portfolio includes on-grid inverters, off-grid inverters, hybrid inverters with energy storage systems, electric vehicle chargers, smart home energy management devices, and portable charging stations.

Is Poland a leader in the photovoltaic market?

Therefore, in the medium term, we are the European leader in terms of the PV market growth dynamics and in 2020 we approached the world's top 10 countries in terms of power growth (13th place). Successive, and better, international forecasts confirm the strength, potential and growing position of the Polish photovoltaic market.

Will photovoltaics grow in Poland?

Photovoltaics will experience significant growth in Poland in the upcoming years. Photovoltaics (PV) is one of the fastest growing segments of the renewable energy sector in Poland. As of March 1, 2020, the capacity of photovoltaic installations in Poland was 1596.5 MW, representing an increase of 183.2 percent year-on-year.

Who makes Growatt inverters?

They provide the customers with cutting edge solar modules, and comprehensive services for the entire project life cycle. MP Solar Group We are the exclusive European distributor of Growatt inverters Since 2016, MP Solar Group Sp. z o.o. has been the main and exclusive representative of Growatt New Energy inverters in Poland.

Where can I buy photovoltaic panels?

The photovoltaic wholesaler Solmix offers the highest quality photovoltaic

panels from reliable manufacturers at the lowest prices. In the online store you can order modules by the piece, as well as in pallet quantities. For photovoltaic installers we have also prepared a special container price offer for the purchase of photovoltaic modules.
