

SolarInvert Energy Solutions

Polish rooftop photovoltaic panel manufacturer

Overview

Where are photovoltaic systems made?

As a producer of photovoltaic structures, we provide solutions perfectly tailored to your individual needs in the range of both roof and freestanding photovoltaic systems. All of our products are manufactured in Poland. We guarantee a quick delivery time and European quality. SALES SPECIALIST Krystian Marciszewski Wojciech Kamiński.

Where are support structures for photovoltaic systems manufactured?

Support structures for photovoltaic systems are manufactured in our own machinery park. In addition, we work with subcontractors who are market leaders in the Polish industrial production sector.

Are ground-mounted photovoltaic panels better than Standard Rooftop Systems?

Thanks to these features, ground-mounted photovoltaic panels have a clear advantage over standard rooftop systems. As a manufacturer of such durable photovoltaic structures, Amiston can help improve your competitiveness and positively impact the success of your business! 4.

What types of roofs can a photovoltaic structure be used for?

Our photovoltaic structures are suitable for different types of roofs: flat, pitched, container, as well as for mounting on the ground or facades. We use high-quality materials, such as galvanised steel or aluminium, and proven mounting accessories such as brackets, clamps, screws or racks.

Where can I buy a photovoltaic kit?

PVGroup.pl offers photovoltaic kits ready for self-assembly and for installation by an installer! Our sets include, among others: Sales hits! Check which sets have gained the greatest customer trust! The latest generation of photovoltaic panels and inverters guarantee long-term operation.

What materials are used to build a photovoltaic system?

We use high-quality materials, such as galvanised steel or aluminium, and proven mounting accessories such as brackets, clamps, screws or racks. Our photovoltaic structures meet the highest quality and safety standards and are easy to install and dismantle.
