

SolarInvert Energy Solutions

Portable explosion-proof mobile power supply for mining

Overview

Designed to meet the rigorous demands of mining operations, this innovative solution combines a mine explosion-proof transformer, high-voltage load switches or high-voltage vacuum switches, cable connectors, and low-voltage feeder switches or protection boxes.

Portable explosion-proof mobile power supply for mining

Explosion-proof AC mobile substation for mining

The converter mobile substation has perfect overload, short circuit and leakage protection. There is electrical interlock or mechanical interlock device between the high- and low-voltage ...
