## Overview

---

This portable solar panel is a must for every remote application needing power and is easy to move between vehicles. Constructed with high quality material and advanced monocrystalline solar cells for efficient energy harvest. Solar panel has a built-in solar charge controller cable 6 ft. Panel is ideal for curved and uneven surfaces. RVs, boats, bus, vans, utilities, golf carts, bikes and back packs. Portable and easily adjusts to the optimum sunlight angle. Portable panel comes with an accordion style fold up case for your convenience. Weather resistant and appropriate for outdoor use. Modules are independently tested to ensure conformance with certification and regulatory standards. Durable and rugged case with convenient side zipper pocket to store wires and charge controller. Lightweight and super thin allowing for easy storage and set up. Bypass diode minimizes the power drop when shaded. Manufacturing facility certified to ISO 9001 quality management system standards. Number of cells: 2 in. x 6 in. x 3. Panels capable of +/- 3% power efficiency than rated. 5 year warranty, 10 year 80% output. High performance: light transmittance up to 93%. Cell efficiency: 22.3% (one of the highest). Module efficiency: 19.2% (one of the highest). Maximum power: 60W. Tolerance wattage (e.g.) +/- 5%: +/- 3W. Maximum system voltage: 600V DC (UL). Max Power Voltage (Vmp): 19.8V. Max power current (Imp): 3A. Temperature range: -40°F to 185°F. Open-circuit voltage (Voc): 23.7V. Short-circuit current (Isc): 3.6A. Maximum fuse rating: 10A. Fire safety class: class A. Note: This product may require up to 2 additional days for order processing prior to shipping. For additional information on this product, please see the Product Documents section for all downloadable user manuals, installation guides, brochures and warranty statements.
