

## **SolarInvert Energy Solutions**

# **Power supply module for Portugal base station**

## Overview

---

Is the power supply compatible with all Gigaset base stations without answering machine?

This power supply is compatible with all Gigaset base stations without answering machine. In a few exceptional cases, the power supply can also be used for Gigaset base stations with answering machine. Please check the back or bottom of your base station for compatibility.

Does Portugal have a power supply sector?

On a global scale, Portugal's power supply sector is part of the European Union's broader energy goals, emphasizing sustainability and energy independence. Engaging with local stakeholders and understanding market dynamics can enhance opportunities for collaboration and growth within the industry.

Can I use the c39280-z4-c707 power supply for my base station?

If you can find the term "C39280-Z4-C707" (s. 2nd image) there, you will be able to use this power supply for your base station. This power supply is compatible with all Gigaset base stations without answering machine. In a few exceptional cases, the power supply can also be used for Gigaset base stations with answering machine.

What type of power supply does soluparts offer?

With over 40 years of market experience, the company is well-equipped to handle various power supply needs. Soluparts offers a single-phase power supply (SPD121201BN) with an input voltage of 90-264VAC and an output voltage of 12VDC, capable of delivering 10A and a total power of 120W.

Does Portugal have a green energy policy?

Portugal has made significant strides towards renewable energy, with wind and solar power being substantial components of its energy mix.

Understanding the regulatory framework is essential, as the government supports green energy initiatives through various incentives and policies.
