Price per panel on a photovoltaic roof

Overview

According to studies by the U.S. Department of Energy, the all-in cost of a home solar panel system is between \$2.74 to \$3.30 per watt. 1,2,12 This figure includes the solar panels, the installation, and other expenses. Is a solar roof better than a traditional roof?

However, a solar roof reduces electric bills, is usually considered more aesthetically appealing than solar panels, and is more likely to receive HOA approval in some communities. Traditional solar panels produce more power, cost less, and provide a higher return on investment (ROI) than a solar roof. Does a solar roof increase home value?

.

How much does it cost to install a new roof?

The national average cost to install a new roof (with standard materials, not solar shingles) is \$14,643, while the typical upfront cost to install a solar roof is \$49,700 and \$34,700 after the 30% federal tax credit. Many factors will affect the cost of installing a new roof on your house, such as:

Should you replace your roof before installing solar panels?

If you're replacing your roof before solar system installation, consider steel standing seam. It combines the lightweight strength to support solar panels and the longevity to outlast them. The ideal roof for solar is one facing south with enough slope to properly tilt the panels and enough room for them.

What type of roof is best for solar panels?

The ideal roof for solar is one facing south with enough slope and room for panels. A west-facing roof is the second-best option, followed by an east-facing roof. We recommend using Project SunRoof by Google to check if your home is suitable for solar.

How long can solar panels last on an existing roof?

For existing roofs, consider solar panel installation on: Pro Tip: You can cheat 5-10 years on this if you're willing to replace your solar equipment sooner than 10-20 years.

How much does it cost to remove and reinstall roof panels?

It cost \$5,000 to remove and reinstall the panels after the roof was replaced. "If I had known the roof was in such bad shape, I would've replaced the roof before installing the panels," Devin told us.
