

## SolarInvert Energy Solutions

# Procurement of energy storage equipment in the Democratic Republic of Congo

## Overview

---

The GDRC has launched a program to develop the energy sector, with the aim of developing the hydroelectric sector and exploiting the power of the numerous rivers in the Congo Basin. The GDRC welcomes developers to supply power, build the transmission lines, or sell the necessary equipment. There is.

The DRC has immense and varied energy potential, consisting of non-renewable resources, including oil, natural gas, and uranium, as well as renewable energy.

For more information on energy in DRC, please visit: 1. Global Trade Atlas: <https://> link.
