

SolarInvert Energy Solutions

Saudi Arabia Large Capacity Industrial Outdoor Power Supply

Overview

Does Saudi Arabia have an electrical supply industry?

When exploring the electrical supply industry in Saudi Arabia, several key considerations emerge. The country has made significant investments in its energy infrastructure, driven by its Vision 2030 initiative, which aims to diversify the economy and reduce reliance on oil.

Who owns power in Saudi Arabia?

Saudi Aramco: This majority government-owned company manages Saudi Arabia's oil and gas production, and is the primary supplier of feedstock for the country's power generation. Power and Water Utility Company: A government-owned entity that currently provides most of the power to the industrial cities of Jubail and Yanbu.

How big is Saudi Arabia's power generation market?

According to Mordor Intelligence, the Saudi Arabia power generation market is expected to grow from 83 gigawatt in 2023 to 110.03 gigawatt by 2028, at a CAGR of 5.80% during the forecast period (2023-2028). The Ministry of Energy's spending on power and renewable energy projects is expected to reach \$293 billion by 2030.

What will drive the Saudi Arabian power market?

Favorable government policies and worldwide diversification from oil and gas to cleaner energy sources such as solar, wind, and bioenergy are expected to drive the Saudi Arabian power market and support advancements in the Kingdom's renewable energy capacity.

How will Saudi Arabia reduce oil consumption?

To reduce oil consumption in the generation of power, Saudi Arabia plans to upgrade its entire power generation, distribution, and transmission sector. In addition, Saudi Arabia plans to develop over 58 GW of solar and wind power,

and subsequently phase out all power stations that use petroleum and diesel.

What is Saudi power procurement company?

The Saudi Power Procurement Company plays a crucial role in the electricity market transformation in Saudi Arabia, providing strategic guidance to enhance the sector's competitiveness and openness.
