

SolarInvert Energy Solutions

Solar charging storage cabinet single cabinet

Overview

What is Solax Trene series C&I energy storage cabinet?

The SolaX TRENE series C&I energy storage cabinet is a highly integrated, all-in-one solution with versatile application scenarios. TRENE air-cooled series provides efficient, safe, and stable smart energy storage solutions. Firstly, the cabinet adopts high-density, high-safety, and high-performance LFP cells.

What is a commercial solar battery storage system?

The commercial solar battery storage system is loaded with cell modules, PCS, photovoltaic controller (MPPT) (optional), EMS management system, fire protection system, temperature control system and monitoring system. The system configuration is modular, support multi-machine parallel, plug and play, easy to install and maintenance.

Why should you choose a 280ah Battery Cabinet?

The large-capacity 280Ah battery cells also reduce the overall system investment cost. Secondly, the cabinet is equipped with a self-developed Energy Management System (EMS) that can monitor the working status and abnormal alerts of each battery cell, PCS, and fire protection system in real-time.

Solar charging storage cabinet single cabinet

SolaX Trene ESS

Firstly, the cabinet adopts high-density, high-safety, and high-performance LFP cells. With a capacity of 215kWh per cabinet, it can reliably perform charging
