

SolarInvert Energy Solutions

Solar full set of photovoltaic panels

Overview

Solar panel kits are all-in-one full solar packages that provide everything needed to install a PV system, such as solar panels, inverters, charge controllers, wiring, and mounting hardware. What is a solar panel kit?

Our solar panel kits for home are easy for you or a contractor to install. Each solar panel kit comes with solar panels, grid-tie inverters and mounting hardware and is customized to your energy needs and home's unique specifications. Take our quick questionnaire to create a custom solar panel kit based on your energy needs.

Does unbound solar offer complete solar panels?

Unbound Solar offers complete solar panel kits that include everything you need for a solar system. Browse complete solar systems and backup power kits for homes, businesses, boats and RVs, remote industrial, and more.

What are the different types of solar power kits?

Choose from a variety of solar power kits to accommodate your installation needs. Our grid-tied kits include solar panels, inverters and a racking system. The off-grid solar power kits include batteries, solar panels, a power center and your racking system.

What is a complete solar system kit?

Complete solar panel system kits that are the most energy efficient and reliable on the market today. Solar packages include everything you need to get your residential system up and running. Simply determine your required energy use and select the solar kit that is right for your home.

What's included in a complete solar panel kit?

All backed by free lifetime customer support when you source a complete solar panel kit from Shop Solar -- get everything you need to go solar delivered straight to your door! All solar kits include all of the cables,

connectors, adapters, solar panels, needed to get up and running with quiet, free reliable solar power!.

What are off-grid solar power kits?

The off-grid solar power kits include batteries, solar panels, a power center and your racking system. Complete kits are also available for grid-tied systems with a battery backup, RV and marine off-grid systems and remote industrial solar panel systems. Customize any kit with additional items that align with your project needs.
