

SolarInvert Energy Solutions

Solar irrigation system prices

Overview

Solar irrigation systems require a significant initial investment, with costs ranging from \$5,000 to \$25,000 depending on farm size and water requirements. This includes photovoltaic panels (\$2,000-\$10,000), specialized pumps (\$1,000-\$3,000), controllers (\$500-\$1,500), and installation expenses.
