## Overview

---

Are modular homes a good choice in Finland?

Modular homes are a popular choice for those looking for flexible and sustainable living solutions in Finland. Karmod is a leading manufacturer of modular homes in Finland, offering customers high-quality, customizable, and eco-friendly solutions that meet their specific needs and preferences.

How many solar panels are installed in Finland?

Finland's production capacity is 16 000 m<sup>2</sup> /a. New installations were: 2 380 m<sup>2</sup> (2006), 1 668 m<sup>2</sup> (2005) and 1 141 m<sup>2</sup> (2004). There are growth opportunities in the solar heating. In 2018 S-Ryhmä decided to order solar panels for 40 of its commercial real estate buildings. This is the biggest solar panel project in Finnish history.

Who makes karmod modular homes in Finland?

Karmod is a leading manufacturer of modular homes in Finland, offering customers high-quality, customizable, and eco-friendly solutions that meet their specific needs and preferences. Karmod's modular homes in Finland are designed to be versatile and functional, with a wide range of customization options available to suit any lifestyle and budget.
