

## SolarInvert Energy Solutions

# Southeast Asia rack-mounted battery cabinet manufacturer

## Overview

---

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

Does a modular battery cabinet protect a battery?

An essential element of any Modular Battery Cabinet or Racks is of course how well it can protect a battery. With Synerflux's innovatively designed cabinets and racks, you are guaranteed top quality Battery Protection.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

Why should you choose synerflux modular battery cabinets & cabinets?

Our Racks and Cabinets also have battery hot-swapping functions with string protection and individual string disconnection so that you can easily, quickly and safely remove battery units to swap for new ones. Synerflux Modular Battery Cabinets and Racks are also specially treated to reduce the risk of electric shock and short circuit fires.
