

## SolarInvert Energy Solutions

# Spain s new all-vanadium liquid flow energy storage cabinet

## Overview

---

What is the largest energy storage plant based on vanadium flow batteries?

The battery installation, which received funding from the SOLBAL photovoltaic investment aid programme, managed by IDAE, has a power of 1.1 MW and a storage capacity of 5.5 MWh, making it the largest energy storage plant based on vanadium flow batteries in Europe.

Will Spain install 20GW of energy storage capacity?

As part of its strategy to ensure a stable power supply, Spain aims to install 20GW of energy storage capacity, selecting vanadium flow batteries for their superior long-duration storage capabilities.

Will EDP deploy a 1MWh vanadium flow battery?

EDP has received clearance to deploy a 1MWh vanadium flow battery as part of a hybrid energy storage project at a retiring gas plant in Spain.
