

## SolarInvert Energy Solutions

# Spanish portable energy storage products

### Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

## Overview

---

Does Spain have a battery industry?

Currently, Spain is dedicated to building an ecosystem for the electric vehicle battery industry, providing support including supporting industries, incentive policies, cost advantages, and infrastructure development. However, what local battery manufacturers are there in Spain?

.

How does Iberdrola support energy storage?

In terms of energy storage, Iberdrola sees it as a key driver of decarbonisation and the energy transition, enabling large-scale and small-scale storage through pumped storage and lithium-ion battery technology to support the electrification of the energy system.

What are the different types of energy storage solutions?

The company provides energy storage solutions in four main application areas, namely rail, grid, regenerative energy storage (solar) and rail systems. Main products: The Grid series of high-performance pure lead-acid (HPPL) AGM batteries and Xtreme VR are the company's current main products in lead-acid storage technology.
