What is a modular sunroom system?

This modular system comes with a variety of roof thicknesses, doors, walls, and custom options to help you can create an affordable 3 or 4 season sunroom perfect for your lifestyle and budget! C-Thru manufactures all sunroom components, windows and doors under one roof keeping all quality assurance in house!.

What is a commercial sunroom?

Commercial sunrooms by Solar Innovations ® provide the strength, durability, and customization options second to none in the industry. Solar's glazed structures can be directly on the ground or atop high rise buildings.

Where can I buy sunroom kits online?

Fifthroom offers kits for sunrooms online that you can either put together yourself or hire a local handyman or contractor to build it for you. The kits cost less than traditional sunrooms and are great for those not looking to spend as much or those not looking to add on to their home permanently.

What makes a sunroom a great addition?

Sunrooms are the perfect four-season addition to increase the view and create a focal point for any home or business. Solar Innovations ® 's custom designed structures include durable aluminum framework. They are tailored with the most comprehensive line of aluminum accessories in the industry.

What is the most energy efficient sunroom?

The Omega™ Sunrooms Line offers our ultimate, most energy efficient sunroom. With the insulated Omega 4" vinyl 'thermal clad' wall system we provide most energy efficient modularized sunroom available on the market today.

Is a sunroom a good choice?

It's a great option for mild climates or homeowners looking for an affordable way to expand their space. Four-season sunroom: Fully insulated and equipped with heating and cooling, a four-season sunroom is designed for year-round use.
