

SolarInvert Energy Solutions

Swedish container power generation manufacturer

TILE ROOF SOLAR MOUNTING SYATEM

STANDING SEAM ROOF SYATEM

ADJUSTABLE TILT FLAT ROOF SYATEM

TRIANGLE FLAT ROOF SYATEM

Overview

The overall package (gas engine, container, and auxiliary components) is designed to meet 65 dB(A) in 10m (surface sound pressure level according to DIN 45635). Lower sound pressure levels are available on request.

A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat.

The standard ventilation is designed for ambient temperatures from -25°C to +34°C. All genset containers are also available with an option for -40°C and most variants can be.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

What is a containerized power module?

Fueled by natural gas, the power module is dedicated to the production of electrical energy. Containerized power module with a power output of 3MW. Plymouth, UK. Flexible generation power plant to balance the local electricity network in an area with growing demand. 2 containerized power modules with a combined power of 5 MW. Yeovil, UK.

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.

Swedish container power generation manufacturer

- ✓ 100KWH/215KWH
- ✓ LIQUID/AIR COOLING
- ✓ IPS4/IPS5
- ✓ BATTERY 6000 CYCLES

Elegen(TM) Silent Diesel Generators , Hire & OEM in SA

Silent Cummins & Perkins generators built for SA. Custom OEM units for hire or sale. Trusted power for mines, malls, factories, schools & more.
