

SolarInvert Energy Solutions

Turkish Battery Energy Storage Equipment Company

Overview

Who is Turkey's energy storage leader?

Shaping the Future of Energy Storage - Meet Turkey's Energy Storage Leader: Pomega! The company has meticulously designed its production processes to minimize environmental impact, adhering to the highest eco-efficiency standards.

Does Turkey require energy storage?

Turkey's commitment to add 1GW each of new solar PV and wind each year makes energy storage a necessity. With this rapid renewable energy expansion, Turkey's need for energy storage is coming sooner rather than later.

Where is Mutlu battery located?

Mutlu Battery also has waste battery recovery plants located in Gediz, Kütahya. In 2013, Mutlu Battery joined Metair Group, one of the leading companies in its energy storage and automotive spare parts sector, which allowed the company to add to its strength in the industry.

Who is Mutlu battery?

As one of the largest battery manufacturers in Turkey, the Middle East and Eastern Europe, Mutlu Battery continues to represent Turkey in the best way possible in over 80 countries on six continents in global markets. Operating as part of Mutlu Holding Anonim Şirketi, Mutlu Battery is the very first company of the Group.

How many batteries does Mutlu battery produce a year?

Mutlu Battery today has a production capacity of six million batteries per year, and it continues its operations in a place established on a land of 23 hectares, which is enhanced to world standards through the technology investments it made.
