

## SolarInvert Energy Solutions

# Ultra-large capacity energy storage battery

## Overview

---

What is a 690ah ultra-large energy storage battery?

Compared to the industry-standard 280/314Ah battery solutions, Narada's 690Ah ultra-large energy storage battery achieves cost reduction and efficiency improvement across cell level, system level, and manufacturing, thus enhancing the overall profitability of energy storage projects.

What is CATL TENER energy storage?

Per Amanda Xu, CTO ESS & President of ESS Europe CATL: CATL has always been at the forefront of the energy transition. To meet the expectation of a BESS system that has high energy density, small footprint, simpler AC-side configuration, and flexible deployment, we bring the latest CATL TENER energy storage solution.

How safe is the Narada 690ah ultra-large capacity energy storage battery?

Currently, the Narada 690Ah ultra-large capacity energy storage battery has passed various testing experiments, including short-circuit, overcharge, extrusion, nail penetration, and drop tests, and has obtained multiple safety certifications such as UL9540A, GB/T36276, UL1973, IEC62619, and UN38.3.
