

SolarInvert Energy Solutions

Vietnam solar energy storage manufacturer

Overview

What is the solar panel manufacturing industry in Vietnam?

The solar panel manufacturing industry in Vietnam is growing for both foreign and domestic firms specializing in manufacturing photovoltaic cells and modules. The competition is especially fierce, given that there are mostly foreign-owned companies, including China and the US, with only one Vietnamese firm.

Is solar energy the right choice for Vietnam?

“Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites,” she adds. Vietnam's transition to renewable energy comes as the country's electricity needs continue to increase due to strong economic growth projected at 5-7% per annum over the coming years.

Is Trina Solar a good choice for Vietnam?

“Trina Solar modules use dual-glass, useful for challenging environments like these where proximity to the sea means higher humidity and salt spray,” says Wang. “Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites,” she adds.
