Overview

What is a battery storage & charging cabinet?

Protect your batteries and environment with our high-quality storage and charging cabinets. Specially designed for safely storing and charging Lithium-ion batteries, ideal for e-bikes, e-steps, scooters, hand tools and other applications.

Are lithium ion accumulator cabinets safe?

These lithium-ion accumulator cabinets from Batteryguard are specifically designed to make the charging and storage of these powerful batteries safer. Lithium-ion batteries are known for their high energy density, but damaged batteries can also pose risks during charging.

Why do you need a batteryguard Battery Cabinet?

With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind. You protect your staff, prevent damage, and meet the requirements of your insurer. And in some countries, you may even benefit from financial incentives or grants. Do you have any idea whether your business is at risk of a battery fire?
