

SolarInvert Energy Solutions

Which photovoltaic site is more popular in Uganda

Overview

A solar company that provides Engineering, Procurement, and Construction of a full solar system. An EPC company provides a full-service experience to seamlessly acquire a solar installation and receive.

Which photovoltaic site is more popular in Uganda

Solar PV project for Uganda to build out energy mix

Construction has started at the 24MWp Ituka Solar PV project in Uganda, located on a 52-hectare site in the West Nile Sub-Region.
